RALF

## Our Activities

**In all that RALF aims to achieve, our activities will focus on the following:**

### ***Improving Lives***

Helping to make lives better for vulnerable young people, in particular, the Girl Child and enabling the weak and disenfranchised people across the world to gain access to basic facilities, most importantly, education, health, nutrition, clean water and decent housing.

### ***Economic Wellbeing***

We support the people we work with to develop enterprising behaviour through engaging in continuous education, employment or training. We will work to tackle poverty within families and communities.

### ***Staying Safe, Saver Lives***

We work collaboratively with partners and the wider public to reduce violence and sexual exploitation, in particularly against the Girl Child and Women. We work to reduce abuse and other types of exploitation and to ensure people are safe from maltreatment, injury and death.

### ***Building Stronger Communities***

We work to ensure the voices of the disenfranchised are heard in decisions that affect them and their communities. We work to empower people to play an effective role in their communities and society as well as inspiring leadership.

### ***Equality for All, aspiring to a fairer society***

Working with others to eliminate inequalities of the world's poorest people.

### ***Child Protection and Children's Rights***

*Working with others to help children and young people fulfill their potential. We will do whatever it takes to protect children and young people from abuse, violence, exploitation and neglect. We will ensure that the rights of children and young people are at the forefront of all we do and that they participate in decisions that affect their lives.*
